

**“Every time I walk into the bathroom, I look into the mirror and LOVE who I see!”**

## **Would you like to be able to say that?**

You may not realize it, but you're a mega-creator with the ability to turn each moment into one of your choosing rather than being swept along by circumstance. You no longer have to settle for 'just enough' because the energy for total transformation is yours for the taking.

But just like a lamp that won't light without being plugged in, neither will you reach your full, creative potential unless you make the connection.

**That's where the Energy Expansion Network comes in.**

The Energy Expansion Network is a community that's designed for getting you into the Being of who you are and what you're here to do. It's specifically designed to connect you **DAILY** to your essence, and to work energetically.

Unlike some life coaching programs that offer catchy slogans and platitudes to make you feel good, our program is aligned with **REAL QUANTUM PHYSICS** than enables you to plug into the energy of YOU for real life transformation.

And you can forget about waiting around for your life coach to pencil you in. Our program offers **DAILY CALLS** to encourage your evolution.

**Your monthly membership fee gives you access to:**

- **Daily Magicalize the Now calls** - experience the energy of your TRUE and connect to THE power source, easily and effortlessly.
- **Monthly training call** - get the tools you need to bridge the gap from self-doubt to unleashed self-expression.
- **Monthly EvoPreneur call** - learn how to thrive as an evolutionary entrepreneur and launch the vibrant creations that nourish your passion.
- **Bi-monthly Expert Interviews** - glean tips from master evolutionaries who are dancing on the edge of energy. February's guest is Master Mage, Santari Green, on The Transformative Power of Speaking.
- **Private resource page** - with tools, tips and techniques for Energy Expansion. Learn to trust your sensing and how YOU know. Shift from an outer to an inner template. Translate your knowing into inspired

action.

- **Private discussion group** - link up with a vibrant community of connective cultural creatives and evopreneurs.
